

Michael would continue to send me proof all the time to make sure I believed him so there would be no doubt about what he is telling me was true. One day I was at work and was very busy. He told me to get a piece of paper and write a specific name down. I told him I was too busy and said "No." He said, "You have to do this right now." I took a piece of paper and wrote the name Peterson – David Peterson. He said "I will give you more information after work when you get home."

I went home and he told me to go to our computer to a specific web page. My husband was already home working on the computer and I asked him if I could use the computer to check something out. My husband turned out to be my eyewitness as I told him Michael was asking me to go to the webpage of the Los Angeles Police Department. I showed him the piece of paper with the name I wrote, David Peterson. We went to the site and clicked on Administration and sure enough, the name David Peterson appeared. I said to my husband, now you know

I am telling you is the truth. It was so scary. I was totally freaked out about what was happening as Michael was always doing things like this. He kept telling me "You have to write my lyrics." I knew he was using me to write his lyrics.
